

L The Lodge
CARE HOME

Always Caring
Always Here

RESIDENTIAL | NURSING
RESPITE | DEMENTIA

Welcome

The Lodge Care Home is located in the village of Killamarsh in Derbyshire. We are proud to offer 24-hour person-centred care including residential, nursing, dementia and respite care.

Each of our 40 bedrooms is finished to the highest standard and with residents in mind. Activities and variety are important at The Lodge: from cuddles with our friendly local cat to curls and cuts from our resident hairdresser. You can also enjoy arts and crafts, music and dancing, pet therapy and a good old get together complete with delicious home baking.

Our garden surrounds the home with mature trees and is a quiet haven to pass the time outdoors in fair weather. We are also close to the shops, easily accessible by public transport and not far from the motorway network. Plus the friendly village and its amenities are right on our doorstep, to be enjoyed by all.

“The care and love my brother is given at The Lodge has prolonged his life and made us a very happy family.”

Brother of Resident

We want every day to be **memorable and fulfilled** at The Lodge Care Home. Our aim is to **promote independence** where possible and **encourage residents** to focus on things they **can do**, instead of what they cannot.

We have a dedicated Activity Coordinator who is tasked with creating a daily changing programme of events and activities. These are designed to respond to the interests of our residents, whether it is continuing hobbies, trying or learning something new: our aim is for residents to be as active and engaged as possible.

We focus on adding a positive feel to each day and making the most of every moment: resident well-being is our top priority.

What you can expect at The Lodge Care Home...

Caring and Supportive Staff | “Home From Home” Atmosphere
Excellent Quality Meals | Resident Wifi | Comfortable Lounge
Peaceful Surroundings | Music, Live Entertainment & More...

“My utmost delight is the kindness that has been given over the years to my mother by all members of staff. Nothing is too much for them to accommodate my mother.”

Daughter of Resident
